

HDPE DWC MANUFACTURER

DILIPKUMAR
& sons

GOKULPLAST
LLP

ABOUT US

DILIPKUMAR & SONS

certified company registered with Govt. of India Trademark registry in 2021.

We started our operations as a reliable manufacturer and supplier of a wide range of electrical and sewerage HDPE Double Wall Corrugated and Single Wall corrugated pipes.

We have a team of qualified professionals and a chain of renowned suppliers, ensuring the quality and efficiency of our products and services. We work with the concept of 'Just In Time Manufacturing'. It is a methodology primarily aimed at reducing time within the production system as well as response time from suppliers and to customers.

OUR PRODUCTS

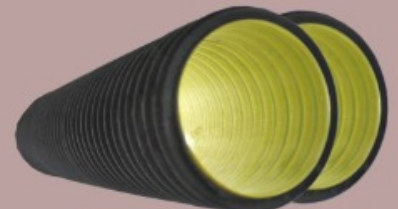

We produce conduit systems for electrical installations as well as sewerage management using advanced new generation plant and machinery which creates inner smoothness and a world class corrugation.

CABLE DUCTS AND ELECTRICAL INSTALLATIONS SN4

AVAILABLE SIZES AND TECHNICAL SPECIFICATIONS

NOMINAL OUTER DIA [MM]	MINIMUM INNER DIA [MM]	LENGTH
40/32	30	(50 MTR) (100 MTR) (200 MTR)
50/41	37	(50 MTR) (100 MTR) (200 MTR)
63/50	47	(50 MTR) (100 MTR) (200 MTR)
75/63	56	(50 MTR) (100 MTR) (200 MTR)
90/75	67	(50 MTR) (100 MTR)
110/96	82	6 METER
120/103	90	6 METER
160/140	120	6 METER
200/170	150	6 METER

200	6 METER
250	6 METER

PRODUCT VARIETY

ASTROL
THE PIPING SYSTEM

DIAMETER WE GUARANTEE A CUSTOM OPTION FOR THE REQUIRED SIZE.

THICKNESS OUR PRODUCT IS READY TO CARRY 110% OF WHAT YOU NEED.

COLOUR WE CUSTOMIZE TO ANY COLOUR REGULATIONS YOU NEED.

WHY HDPE DWC?

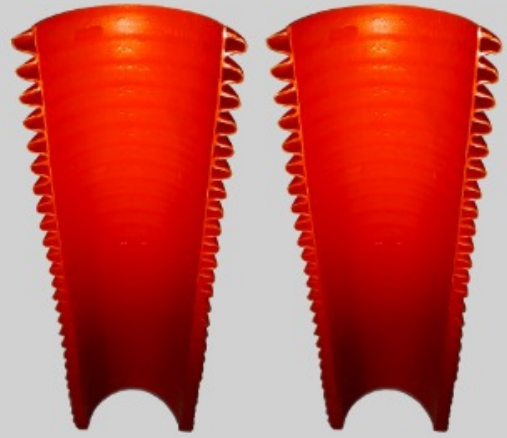

- Easy to transport
- Low installation cost
- Low jointing cost
- No leakage
- High ring stiffness
- Crush resistant
- Can stand heavy external load
- Adjustable to soil settlement
- Smooth inner wall
- Wide variety of length
- Easy to lay
- Environment friendly
- Protect cables and increase their life
- Wide variety of colour choice
- Low jointing cost

AREAS OF EXPERTISE

- Water Supply & Sewerage
- Drainage Systems
- Solar Plants
- Telecommunication
- Road Lights
- Railways
- Petrol Pumps
- Effluent Treatment Plants
- Chemicals and Gas Distribution

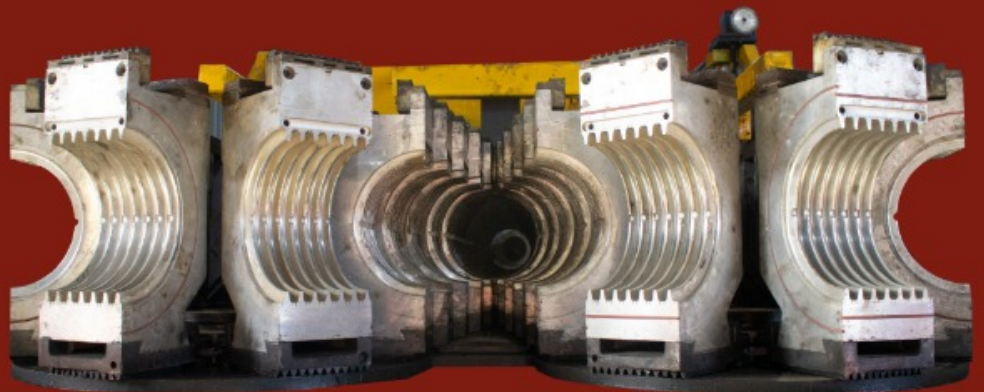

**SPECIAL
PROPERTIES**

**Special Properties Available in DWC on
Customer Demand**

- Anti Rodent Properties - to nullify rodent attacks while buried underground
- UV Resistance - to avoid ageing under direct sunlight
- No Flame Propagation Properties - to protect against flame propagation
- Mixed Color Pipes
- Extra Thickness
- Single Wall Corrugate Pipes

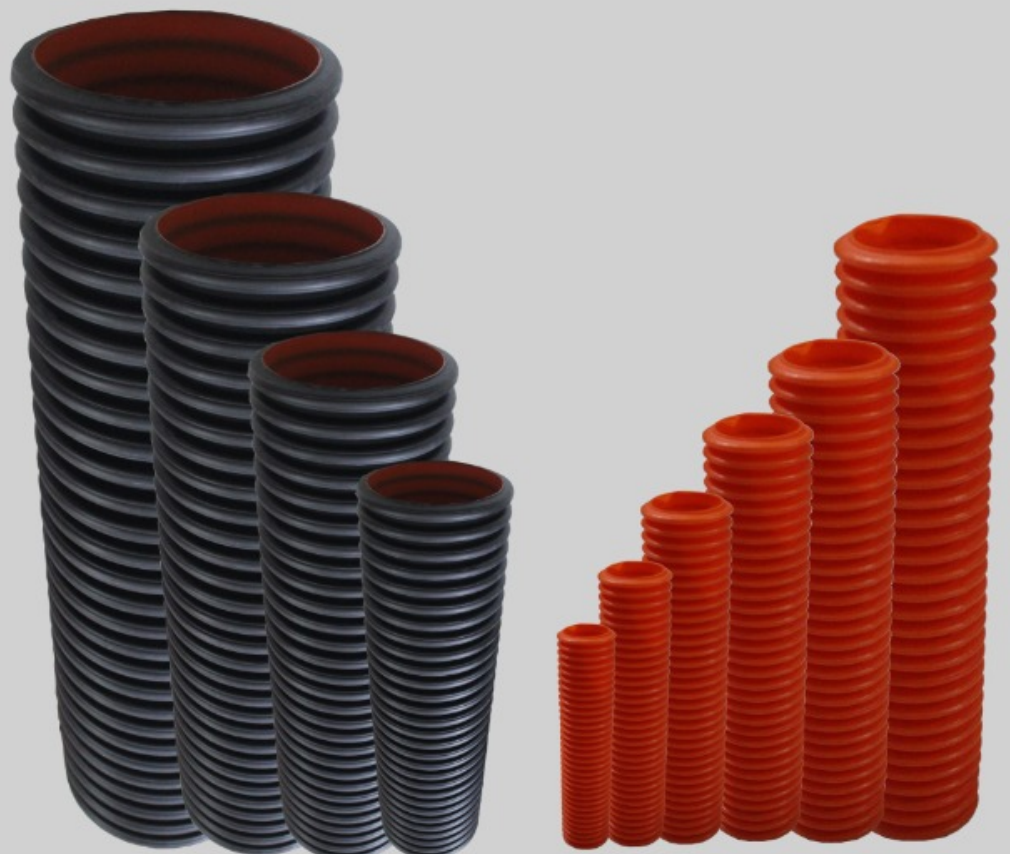

QUALITY AND DURABILITY ASSURED

TRADEMARK

The trademark of our product is
MASTODON .

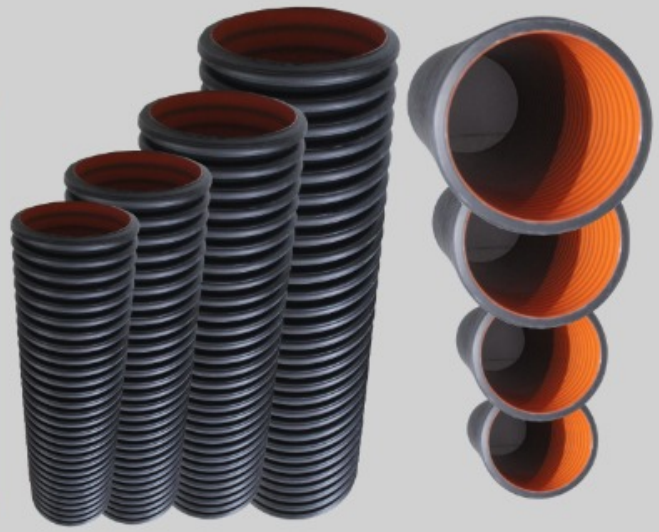

Our factory being situated near Delhi
connects us to a wide network of
distributors, venders and marketing
professionals throughout the country.

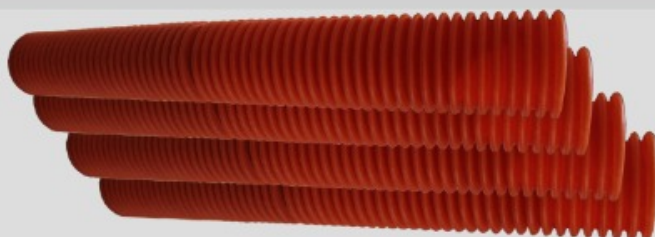

QUALITY AND DURABILITY ASSURED

ORIENTATION TOWARDS CUSTOMERS

- Providing best value of product
- Good customer service
- Focusing on consumer actions
- Promoting brand loyalty
- On time delivery
- Committing to customer needs
- Providing best quality products
- Ensuring maximum product benefits to customers
- Aiming for long term customer loyalty
- Reducing energy costs
- Maximizing customer value image
- Understanding customer needs
- After sales services
- Coordination with customers
- Problem solving approach
- Fast flow of information
- Complete traceability and accountability
- Ensuring affordable costs
- Eco-friendly products

TESTING FACILITIES

- Melt Flow Set-up
- Compression Machine
- Deep Freezer with Digital Temperature Indicator
- Bending Test Set-up
- Impact Tester with Striker
- Humidity Chamber
- Flame Testing Machine
- Water Bath
- Dust Chamber Set-up
- Carbon Context Testing Machine
- Tensile Testing Set-up
- Standard Length Test
- Oxidation Induction Test

QUALITY AND DURABILITY ASSURED

CORRUGATION ADVANTAGES

- Low repairing cost
- No infiltration
- No leakage
- Tight joints stickiness
- Easy replacement of cables
- 100% outer surface stickiness with soil
- Saves raw material
- Saves raw material
- Excellent ring stiffness
- Roundness of pipe is retained even when bent
- Moderate flexibility helps in soil settlement
- Bear heavy earth loads

QUALITY AND DURABLITY ASSURED

HDPE ADVANTAGES

- High Resistance to Corrosion
- Chemically inert
- Environmentally Safe
- Good strength impact
- Weathering is less
- Recyclable
- Temperature Capabilities
- Safe Plastic
- Sustainable
- Resistant to Moisture
- Permeability to gas
- Ease of processing and forming
- Cost effective
- Non Leaching
- UV Resistant
- Dishwasher safe
- Stiff Material
- Resistant to most chemical Solvent
- Amazing Durability
- Highly versatile
